To complete the level 1 qualification students are required to observe a minimum of one session at an established Forest School (led by a qualified level 3 practitioner). This can be any Level 3 Forest School practitioner, and it is up to the student to arrange these visits.

If you need support to arrange this visit we may be able to signpost you to Forest Schools in Norfolk (Please note that some Forest School practitioners might charge visitors a fee to cover their time). You may also find a level 3 practitioner through the Forest School Associations website – [www.forestschoollassociation.org](http://www.forestschoollassociation.org)

## ONLINE TUTORIAL

After students have made a visit to observe a Forest School, we offer further support remotely to help consolidate your learning. This takes place online through a group zoom call. During this call we will:

- Reconnect as a group
- Reflect on our experiences of observing the different Forest School sessions
- Have opportunity to ask any questions that have arisen from the experience
- Have opportunity to ask any questions related to the written workbook

## VALUE ADDED FEATURES OF OUR TRAINING COURSE

We care about the quality of our training and the Forest School practice which ultimately results from it. There is a wide range of Forest School training available in the UK and we want to ensure that our course is right for the students that choose to undertake their training with us. Some of the additional benefits that our training offers are:

- **NATIONALLY RECOGNISED QUALIFICATION** – we use the most up to date Forest School qualification units. These are the national standard and on the QCF
- **ONLINE SERVICES** – Student password protected web pages & resources,
- **ONGOING SUPPORT** – Post-course online tutorial support

## YOUR LEAD TRAINER – LOUISE

This course will be led by Louise, along with assistant trainers Jane and Emma to facilitate the course. All tutors are experienced outdoor practitioners and Forest School Leaders.

## COVID-19 MEASURES

We have made the decision to run our courses in a face to face way as it would be done in a pre-Covid world. We feel the benefits of people coming together and learning skills in a practical, hands on way within a supportive way outweigh the possible risks presented by Covid-19 at this time. However we still recognise the seriousness of the risk posed by the disease and have undertaken risk assessments.

We appreciate attendees co-operation in following these precautions:

- Socially distancing as appropriate indoors (The venue has a large space as the main room)
- Using handwashing facilities regularly (indoors and outdoors)
- Please do not attend a training day if you have tested positive for Covid-19 and/or are displaying symptoms
- Inform your trainer if you have tested positive after any training module, so that the rest of the group can be informed and tested.
- If you have health concerns that make you vulnerable, you may wish to gain medical advice before attending

We recognise that if the situation with Covid-19 changes in the future, we may need to adjust our measures following government advice. If the course is affected by any changes to current legislation (e.g. another lockdown) then we will look at postponing training &/or providing more online content.
