

Modular course Top-Up Students Level 3 Forest School Leaders Award Final Coursework

In order to gain the Level 3 Forest School Leaders certificate, Top-Up students will need to send in their completed level 2 coursework and ALL of their completed workbooks for Modules 3 – 6, together with the following final coursework.

Final Coursework for Top-Up students

1) Ecological Structure of Woodlands

- a) Draw the typical structure of a coniferous woodland plantation, labelling the layers
- b) Describe both the structural and ecological differences between the two types of woodland

2) Holistic Development

Outline the concept of holistic development.

Please complete the attached Final Coursework workbook.

Level 2 coursework

Please send in your marked level 2 coursework folder, containing your coursework for the two units:

- a) Skills for the FS Assistant
- b) Supporting Learning and Development at FS

Please collate your workbooks into a binder and post them to us for final marking:
